## Large & On Time

Glass canopies are a beautiful and unique choice for an entrance to any building. Our glass can be supported by different hardware choices, the most popular being the spider fitting, as seen on the National Bank of America. The design department at Midwest Glass can help you make the best decisions regarding glass and support for any glass canopy, vertical or horizontal.

## Form & Function

Midwest has a full service metal and powder coating department. We provided the metal for the brand new Polk Penguin Conservation Center at the Detroit Zoo, and have done several unique projects including work on the Eli and Edythe Broad Art Museum at Michigan State University and the Pizza House in downtown Ann Arbor.

## Perception & Image

Our facility is equipped to fabricate many different materials, from glass to composite panels. Our dealership work is second to none. We have also provided the glass and hardware for interior renovations, including glass office fronts and glass handrails. We also worked consistently with exhibit designers to provide unique glass and panel solutions for the North American Auto Show in Detroit.

## Commitment & Delivery

Midwest Glass is more than a quality glass manufacturer...we are a committed partner to your success. Our family owned business has been doing that since day one over 25 years ago. We are dedicated to providing our client partners timely delivery, top quality products, the highest standards in engineering and outstanding customer service. We believe that quality is derived from a commitment to service and excellence made by all our team members.

Our goal is 100% satisfaction and we get there through our extensive knowledge in our industry and by employing only the most dedicated team members with a common goal, which is to make you, our valued client partner, a success.
