

Testimonial:

Torstenson Glass have been our "Go To" supplier of Glass, Mirror and Specialty Glass for the last 20 years. Their work is accurate, clean and prompt. Their customer service is great and when we place orders, we get acknowledgments right away. They are a wonderful source we use on a daily basis as we incorporate their Glass & Mirror in our Custom Cabinetry

- Lori & Brian Rosenberg, Rose Custom Cabinets

Torstenson Glass has been a reliable supplier of glass products for Cabinet companies for decades. Our extensive inventory of 200+ products gives our customers access to various mirrors, pattern glass and standard flat glass. Our in-house fabrication capabilities include close tolerance cutting, beveling, hole drilling, polishing and safety backing of mirrors when needed. Generally, orders are complete within 5-7 business days. Once complete, Torstenson will deliver your material to your location or even directly to a job-site. For orders that require a greater distance for final delivery, we will custom build a wood crate in our woodshop with the utmost concern for the safety of the glass during transport.

Why work with Torstenson?
