

Torstenson
Glass

About

For over 130 years, Torstenson Glass has been at the forefront of the glass industry, merging tradition with innovation. From fire-rated to specialty mirror and architectural glass fabrication, our commitment to precision and quality remains unwavering. Beyond our products, it's our vast inventory and the unparalleled expertise of our team that truly defines the TG experience.

- ▶ 175 Years Sales Team Experience
- ▶ Largest US Distributor of TGP
- ▶ 150+ Stocked Products
- ▶ Customized Services

Glass Products

Fire-Rated

As a trusted distributor of FireLite ceramic glass from Technical Glass Products for over 20 years, TG offers UL-listed fire-rated glass for various applications.

Flat

Explore our vast selection of flat glass products including annealed and laminated available in various sheet sizes and thicknesses

Mirrors

Our stocked mirror selection ranges from standard clear mirror to bronze, grey, antique, and specialty options. Available in full sheets and cut-to-size, with polishing and beveling services performed in-house.

Patterned/Textured

With an extensive range in stock, our patterned/textured glass offers diverse aesthetics, ensuring every design vision is met without compromising on quality.

Bullet Resistant

Explore our various bullet resistant glass products offering multiple levels of protection and security for educational, municipal, healthcare and commercial applications.

Bird Safe

Torstenson offers AviSafe glass from Pilkington. Utilize this glass in exterior applications to prevent and limit the dangerous effects glass poses to birds.

“
RJ Furniture
Office Space. Reimagined

RJ Furniture

Torstenson has been our go to for all our glass needs for years. I highly recommend Torstenson. They are simply the best!
